# MARIETAS ECO DISCOVERY

THIS BOAT CRUISE OFFERS A UNIQUE WAY TO DISCOVER THE ABUNDANCE OF SEA LIFE AND NATURAL WONDERS OF BANDERAS BAY

Climb aboard and discover The Bay of Banderas, one of the few places in the world that is a natural sanctuary for such a vibrant abundance of nature and sea life. As you sail out to the magnificent Marietas Islands in a top-of-the-line catamaran sail boat, you'll likely see dolphins up close as they leap out of the water right beside you. During the winter months, there's the added bonus of spotting Humpback whales, as the Bay is a centuries-old breeding ground and resting place following their annual migrations.

On arrival to the Marietas Islands you can explore it's rocky caverns and archways either by kayaking, snorkeling or by scuba diving. The islands tropical surrounding waters are the ideal ecosystem for a prolific array of sea life so keep an eye out for giant manta rays, sea turtles, and a myriad of multi-colored fish. Our expert guides are always on hand to ensure your safety and, above all, that you're having fun.

After lunch back onboard, you'll sail to a beautiful, secluded, white sandy beach to wind down and relax with a few drinks.

This leisurely day cruise offers sun, fun, and the chance to discover all the wonders of nature that our bay has to offer, book your place today.

- Tour includes continental breakfast, lunch, open bar, snorkeling and kayaking equipment.
