DOLPHIN ENCOUNTER

THE FIRST ENCOUNTER; LEARN & HAVE FUN!

Your experience begins with an educational session introducing you to the dolphins where you will learn about the bottle nose dolphin's anatomy, physiology, natural history and animal training.

Then get ready to enter the water where trainers introduce you to the dolphins. For 15 minutes, you will get an incredible eye to eye look at the dolphins, feel their smooth skin, give training signals and even kiss and dance with the dolphin.

Duration of the program is 30 minutes including orientation. Group size is limited to ten people per dolphin to ensure that you have the most personal experience.

We recommend that guests bring extra money for shopping, lunch, photos and souvenirs.

Family encounters are available on request for parents with children under the age of 4. One child per parent may be held in their arms during the program at no extra cost.

- Our programs are available daily at our Dolphin Center in Nuevo Vallarta. It's essential to reserve in advance with your sales office, as this program is generally sold out.
- Guest companions may take pictures from the observation area. Personal cameras are not allowed inside the dolphin facility.
- We request that participants bring a towel and do not wear jewelry or sunscreen.
- Children pay full price and children under 10 must be accompanied by a paying adult at all times.
