

Mexico's Premier Adventure Company

YELAPA

UNIQUE ENCOUNTERS...
UNFORGETTABLE EXPERIENCES.

Relax onboard our modern catamarans as we cruise south of Puerto Vallarta. Our journey takes us past some of the most picturesque coastal scenery in the Bay, where dolphin encounters and seasonal whale sightings are common occurrences.

Our first port of call, Yelapa, is an old, charming, Mexican fishing village set in its own natural cove. Quaint, typical, palapa roofed houses dot the surrounding hillside. Bohemian merchants sell their wares and take you back to a simpler time and lifestyle.

With its clear emerald waters and long stretch of golden sand beach, Yelapa is a hidden jewel waiting to be discovered! Hike to waterfalls, take time to relax on the expansive sandy beach or take a swim in its protected waters before enjoying a delicious lunch on board.

Our afternoon is spent in the exquisite bay of Majahuitas. Only accessible by sea, Majahuitas' sheltered cove possesses some of the whitest sand beaches and crystal clear waters in the Bay, offering incredible conditions for swimming, snorkeling and kayaking.

- Tour includes continental breakfast, lunch, open bar on board, snorkeling and kayaking equipment.
- We recommend you bring your bathing suit, sunscreen, a towel, a hat and money for souvenirs.
- Duration: approx. 7 hours.
- Guests departing from the Maritime Terminal in Puerto Vallarta will be asked to pay a 15 pesos port tax upon entrance to the marina.
